Asuta* Risuku's newest song is great♪
We will both meet each other again one day, among the blossoming flowers, we'll walk upon this path.
Hey, Kimikage-san, want to listen to it too?
I don't think you should ask.
Eh? Why?

You know, Kimikage is like a closed book. Just can't read her...
When you're around her, you can't help but feel like you're wilting with her...
ALTHOUGH SHE'S BEING SPRAYED WITH SUCH COLD WORDS, KIMIKAGE IS...!?

Hello, little miss lady☆
Would you like to join the Sweets Club?
I thank you for asking, but I have to decline.
Youkan-Bread is like Hokkaidou☆
Even if you mistakenly fill it with chocolate, it's still a fine dessert☆

I like tasty sweets.
Then, could you tell me why you declined?
I'm already a member of the Flower Arrangement Club.

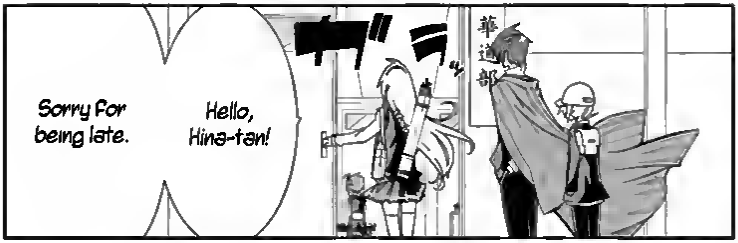
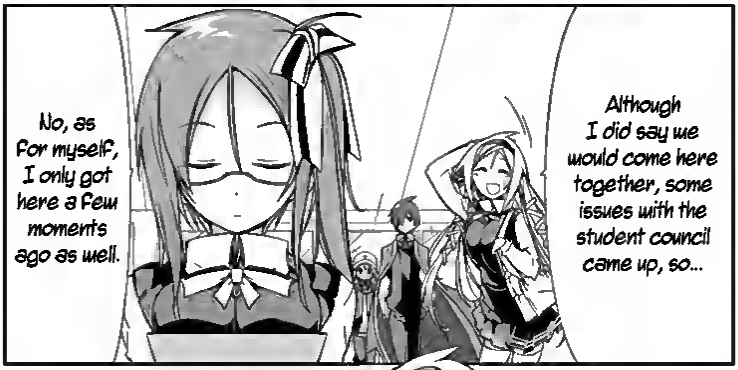
Hello.
Sorry for the wait. So let's get on going, shall we?
Thank you for your hard work, Senpai!
It's the man's role to wait for the ladies. No need to apologize ♪

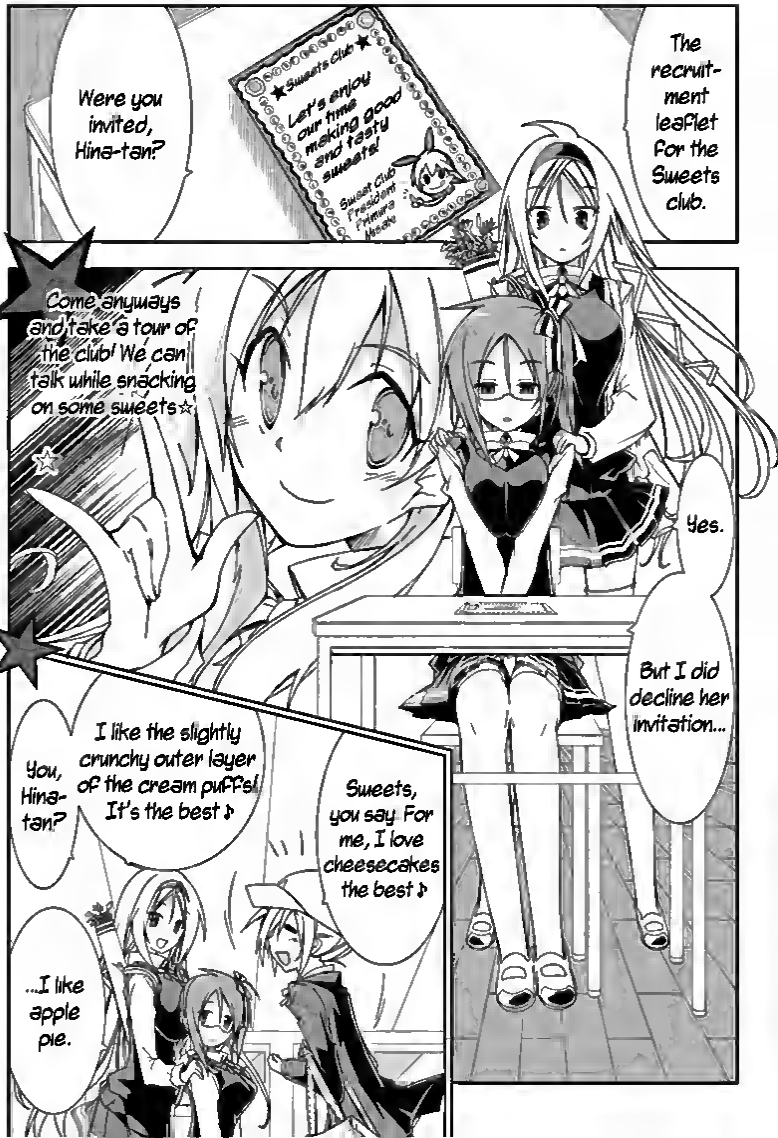


Sorry for being late.
Hello, Hina-tan!
華道部



No, as for myself, I only got here a few moments ago as well.
Although I did say we would come here together, some issues with the student council came up, so...

What are you looking at?
Oh, this is...



The recruitment leaflet for the Sweets club.
Were you invited, Hina-tan?

Let's enjoy our time making good and tasty sweets!

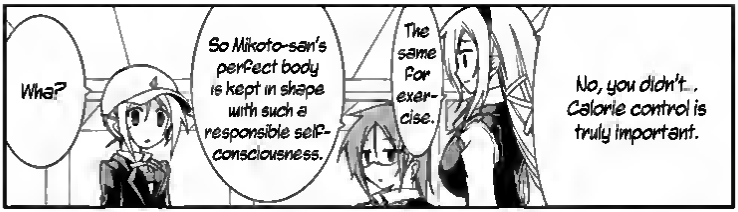
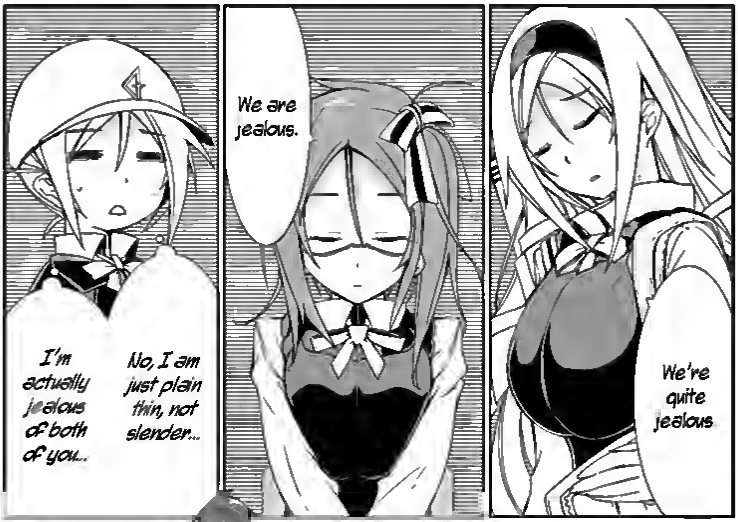
Yes.
But I did decline her invitation...
Come anyways and take a tour of the club! We can talk while snacking on some sweets☆
Sweets, you say For me, I love cheesecakes the best♪
I like the slightly crunchy outer layer of the cream puffs! It's the best♪
You, Hina-tan?
...I like apple pie.

But they all are high in calories.
A whole cheesecake is 300 kilo-calories..
To take care of all that, I would have to go on a walk for over two hours and.
Wha, what?
Did I say something strange?



Wha?
So Mikoto-san's perfect body is kept in shape with such a responsible self-consciousness.
The same for exercise.
No, you didn't... Calorie control is truly important.



I'm actually jealous of both of you...
No, I am just plain thin, not slender...
We are jealous.
We're quite jealous

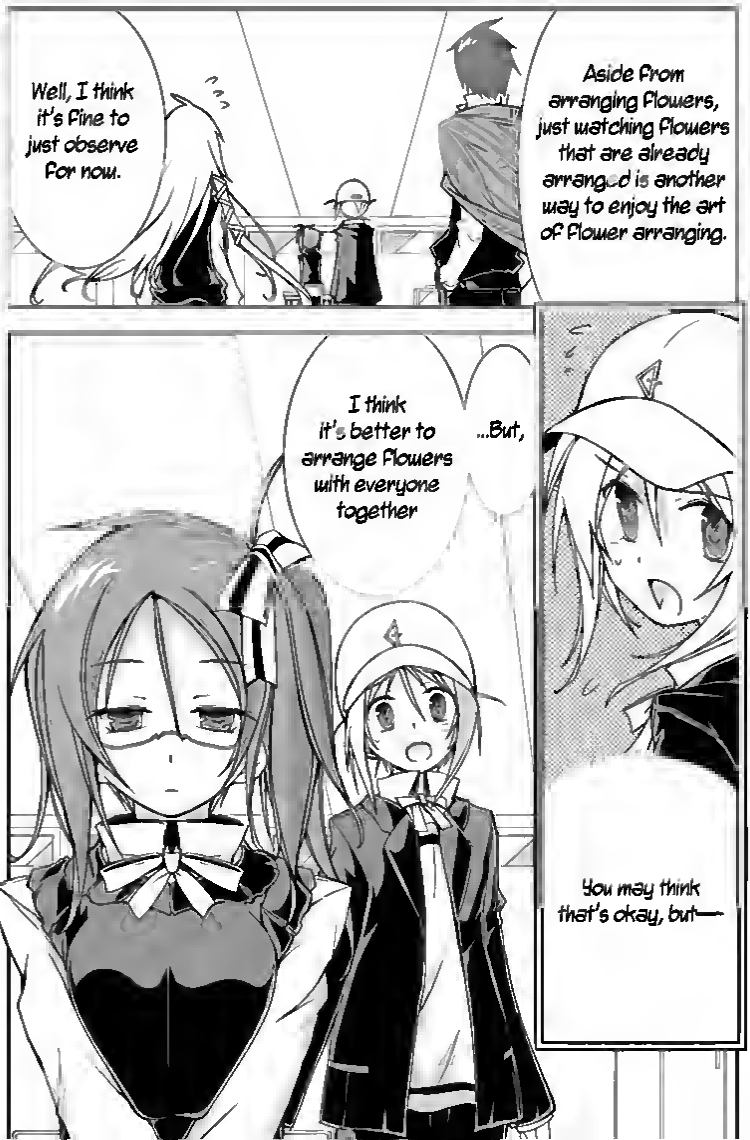
I would ever be so fascinated by the beauty of such ladies...
Aah... I am right now envious of these sweets you ladies are so fascinated by.
I would like to make all girls smile with my flowers in the same way sweets do♪
But all the ladies who eat sweets show such blissful expressions...
Mikoto!
I am sweets, and sweets are I!
Huh?
I am also a kind of sweet!
What are you mumbling about?
That's right!

Those flowers are beautiful, Senpai!
Wow!
They are grown in the backyard of my home, so I brought some.
These are called Agapanthus
!
Want to try arranging them, Mikoto-chan?
Eh? May I really?
I agree. Why don't you also come and arrange with us, Hina-tan.
Then it's decided! We'll arrange Agapanthus today♪

Ah...
When you're around her, you can't help but feel like you're wilting with her...
...No, I'll decline.
I don't feel like doing any flower arranging.
Hinata-kun?
Hina-tan?
Hinata? What's wrong?
To begin with, it's not like I joined this club because I was interested in flower arranging.



Aside from arranging flowers, just watching flowers that are already arranged is another way to enjoy the art of flower arranging.
Well, I think it's fine to just observe for now.
You may think that's okay, but—
...But, I think it's better to arrange flowers with everyone together

...Please do not mind me.
...Is it wrong for there to be someone who doesn't arrange flowers?
Tha-, that's not what I meant.
